1. What is your connection or interest in this case? For example, are you a customer of the Company that is the subject of this pending proceeding? (This section must be completed. Attach additional information if necessary.)

Dominion Energy residential customer with solar panels.

2. Please give a concise statement of your protest. (This section must be completed. Attach additional information if necessary.)

I protest the requested increase in fees for solar customers and the change to give a lower rate for credit for generated power than the rate charged for power sold to the customer by Dominion. At a time when we should be encouraging use of solar power, these increases do exactly the opposite. The proposed increases will be devastating to the solar industry in SC. It has been reported in the news media that the requested rates increase will make the fees charged to SC customers higher than those charged to VA customers. If this is correct, it is another reason to deny the rate increase.

3. Do you wish to make an appearance at a hearing in this proceeding, if scheduled, and offer sworn testimony?

No
